

FIRE ENVIRONMENT PROGRAM TRAINING STANDARDS (July 2015)

7805

This policy identifies the minimum training and qualifications recommendations for the various Fire Environment Program (FEP) cadre and committee members, as well as associated personnel within the FEP. This is in addition to the minimum training recommendations identified for the functional positions of the FEP.

CADRE AND COMMITTEE STANDARDS (July 2015)

7805.1

Fire Environment Program cadre and committee members are nominated and/or appointed/approved by the Fire Environment Program Manager. Training and qualifications are an important part of this process. The following is a list of cadres/committees associated with the FEP and the recommended training and/or experience.

Weather Information Management System (WIMS) cadre:

- Successful completion of the WIMS class.

S-491 Intermediate National Fire Danger Rating System (NFDRS) cadre

- Recommended –
 - Successful completion of WIMS.
 - Successful completion of S-491 Intermediate NFDRS.
- Desired – attend the National Advanced NFDRS Workshop.

Advanced NFDRS Workshop

- Successful completion of WIMS and S-491.
- Successful completion of Advanced NFDRS Workshop.
- Nomination from the NWCG NFDRS Steering Committee.
